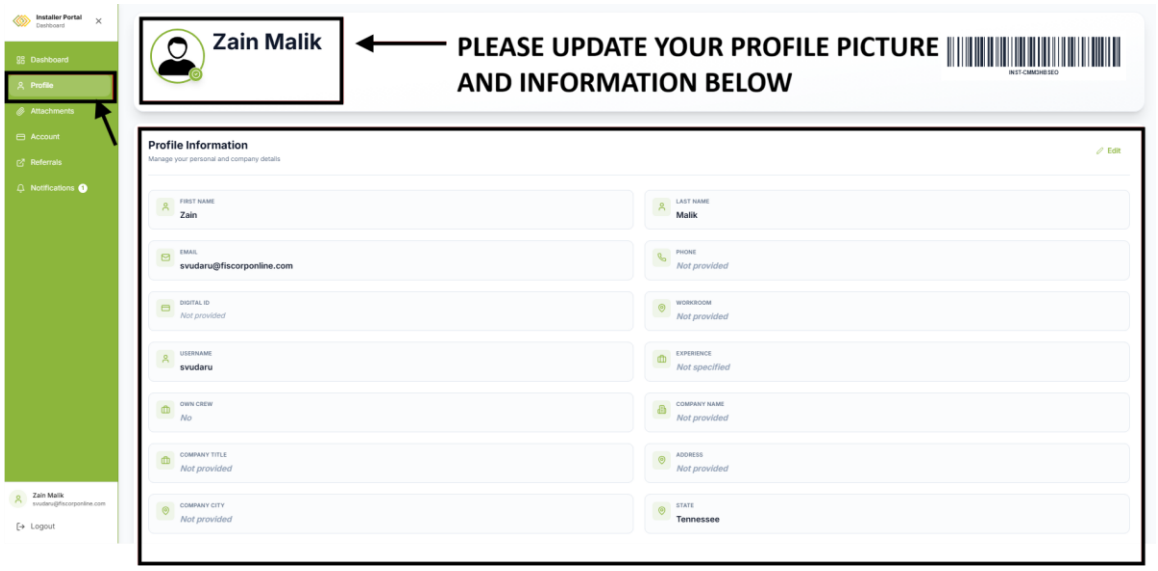
INSTALLER PORTAL – EASY STEP BY STEP GUIDE

Please follow the simple steps below to complete your installer profile.

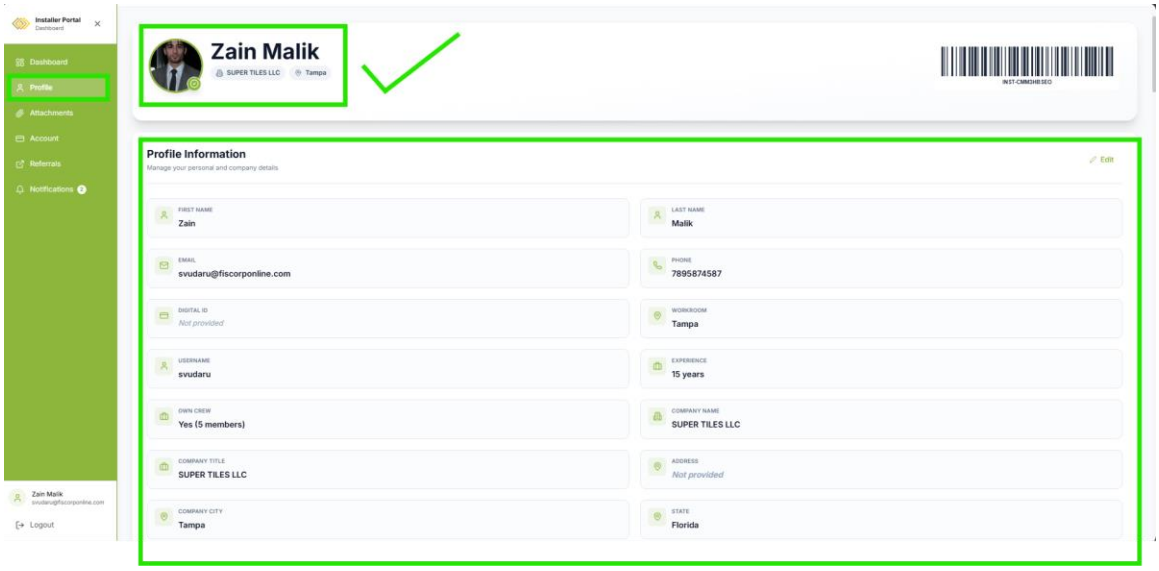
Each step shows a BEFORE and AFTER example so you know exactly what to do.

STEP 1 – Complete Your Profile Information

BEFORE: Your profile picture and information are missing or incomplete.

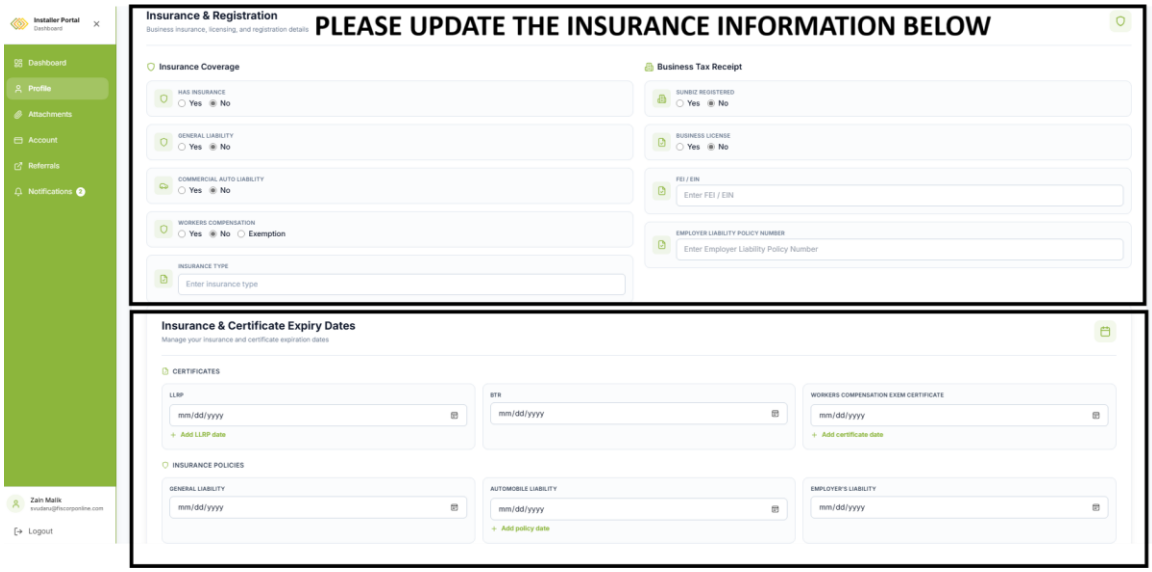


AFTER: Your profile picture and all information are filled in correctly.

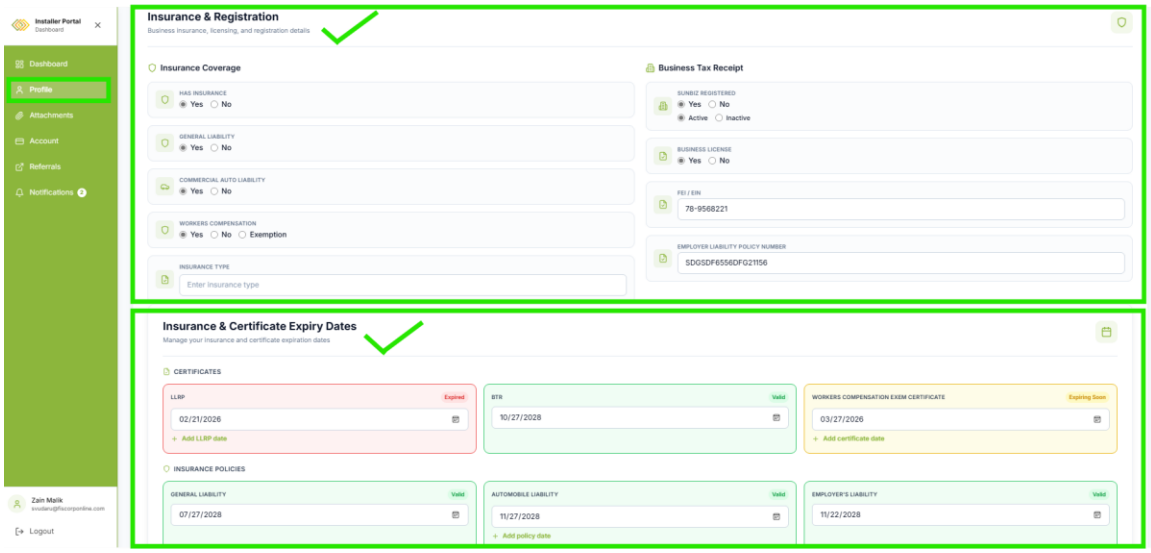


STEP 2 – Add Insurance, Registration & Expiry Dates

BEFORE: Insurance and registration information is missing or incomplete.

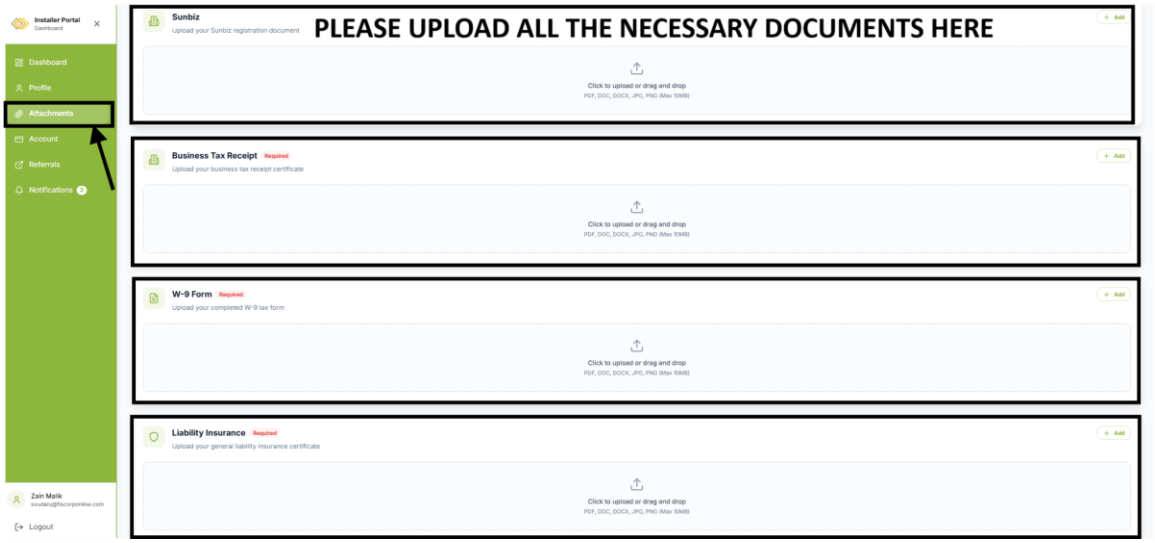


AFTER: Insurance details and expiry dates are fully completed.

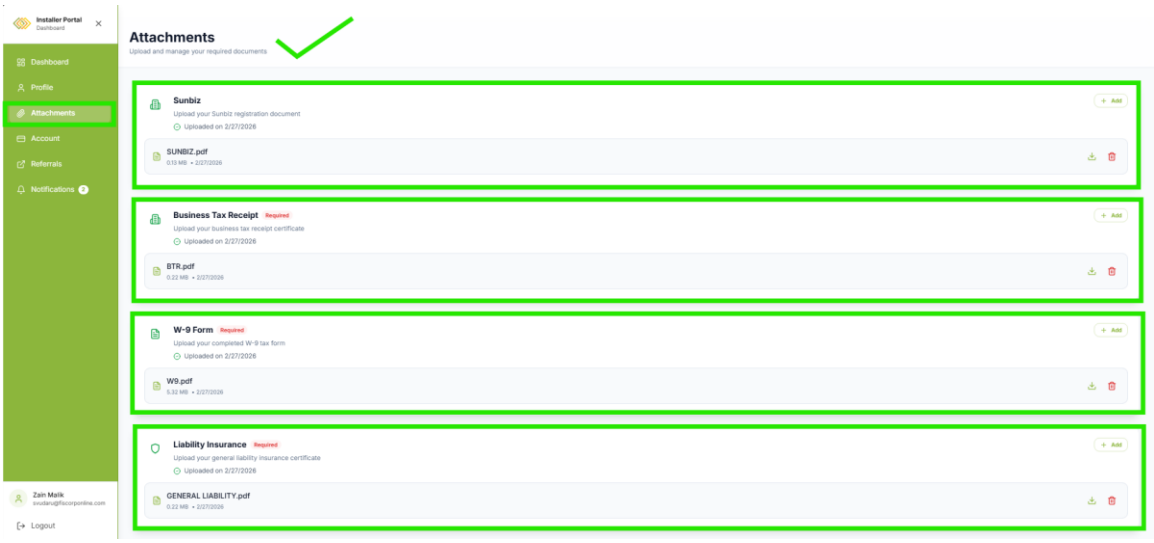


STEP 3 – Upload Required Attachments

BEFORE: Required attachments are not uploaded.



AFTER: All required attachments are uploaded successfully.



Once all 3 steps are complete, your profile will move forward for approval.
